At Power2 we are best able to serve you as a business client if we are involved in your financial plans as they grow from ideas into reality. We are focused on aligning the needs of our clients with the individual expertise of our consultants. It is therefore common for up to four separate team members to address the needs of one client. We invite you to actively engage our team to ensure our service and advice is to your expectations.

If this sort of thinking appeals to you then Power2 will be a good fit for you and your business.

Our services include:

- Preparation and Lodgement of tax returns for most entities
- Preparation and Lodgement of Business Activity Statements
- Review of BAS prepared by clients
- Accounting and Tax for small businesses
- Advice on Business Acquisitions & Disposals
- Cash Flow & Budget Reporting for small business
- Succession & Retirement Planning
- Key person insurance
- ABN Registrations

Of course, this is a brief outline of the services that Power2 provides – for more information contact us on 49 577 574
